

# **RS-0017**

**Permobond® RS-0017 Tan Natural Rubber** has excellent physical properties, like tensile strength, abrasion resistance, and elongation. As well has good resistance to most inorganic chemi-cals, with the exception of strong oxidizing agents. RS-0017 is flexible and will expand and contract with thermal variations of the metal substrate. FDA compliant as per 21CFR177.2600.
